

Mobility & Dual Power Suction Unit

Model: V7

Dual Power

Rechargeable Lithium-ion battery

Triple Protection consist of

- 1 Overflow valve 2 Antibacterial filter 3 Fool-proof design

Button Operated Lid Open Design

Tubing holder

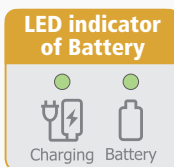

Tubing depository

Accessory compartment

Ergonomic design

LED indicator of Battery

Charging Battery

Dual power with Lithium-ion battery

It's Powerful "Dual Power"

- High capacity of rechargeable Lithium-ion battery
- High performance pump delivers -600mmHg vacuum and 30 liter/min flow rate under normal mode and 25 liter/min under power-saving mode

It's Protected "Triple Protection"

- Overflow valve plus antibacterial filter and fool-proof design that prevents back flow of fluid and airborne contaminants from entering the pump

It's Convenient

- High performance light-weight lithium-ion battery offers 50 minutes of run time under normal mode and up to 80 minutes under power saving mode
- LED indication of battery condition makes V7 ideal for use on the go
- Easy to store using tubing holder, tubing depository and accessory compartment

It's Ergonomic

- Comprehensive dashboard with ergonomic view angle ensures a smooth operation
- Easy to open with button operated lid open design

Technical Specification

- Ideal for tracheostomized patients, minor surgical applications and post-operative therapy in home-care and hospital
 - Pump: Piston
 - Max vacuum: -80 Kpa (-600 mmHg)
 - Max free air flow rate: 30L/min
 - Economical mode/Power saving: 25L/min
 - Canister capacity: 1.4L (Polycarbonate, PC)
 - Power supply: 100~240V, 50/60Hz
 - Adaptor: 12V/5A
 - Power consumption: Approx. 50W
 - Battery working time: 50 mins (normal use) / 80 mins (power saving)
 - Recharging time: 6 hours
 - Machine dimensions: 363 (W) × 175 (D) × 255 (H) mm (Incl. rubber pad)
 - Weight: Approx. 3.6kg
- *Subject to technical modification without prior notice
